

## PRODUCT OVERVIEW

# HSN HINGED WITH SPIRAL NAIL STOP COLLAR

### ENGINEERING SOLUTIONS FOR LESS CHALLENGING WELLS

Made from the same high-quality material as Centek's bow spring centralizers, the HSN stop collar ensures durability and compatibility while enhancing operational efficiency. Its spiral nail locks firmly into internal grooves, securing the stop collar against the casing. This design maximizes annular clearance, reduces rig time, and simplifies installation.

The HSN Stop Collar is a low-profile, cost-effective choice for operators working in less demanding well conditions. Its streamlined design is ideal for applications such as surface casing and vertical sections, making it suitable for standard casing grades. By integrating seamlessly with Centek QA centralizers, the HSN stop collar reinforces Centek's commitment to providing reliable, efficient, and innovative casing equipment solutions.

### KEY PRODUCT BENEFITS

- Economic choice
- Quick installation
- Low profile for low annular clearances
- For use with standard casing grades

### TARGET APPLICATIONS

- Centek QA
- Less demanding well conditions
- Onshore
- Surface casing and vertical sections

### PRODUCT APPLICATION

The HSN Stop Collar with spiral nail installation is a robust and efficient solution designed for quick and secure fitment in onshore wells.

## CORE PRODUCT SIZING

Product size	Stop Collar Part Number
4 1/2" ID	0412-HSN
5 1/2" ID	0512- HSN
7" ID	0700- HSN
9 5/8" ID	0958- HSN
13 3/8" ID	1338- HSN
18 5/8" ID	1858- HSN

RECOMMENDED

## LEVEL 1 HINGED CENTRALIZERS

Centek OBH-W and OBH centralizers dependable and cost-effective solutions for onshore wells with less challenging conditions. Designed for surface casing and vertical sections, they offers reliable centralization, optimizing performance in standard well applications. As part of Centek's trusted product range, our Level 1 centralizers deliver effective casing support and alignment, reducing operational costs without compromising quality or performance.

## FULL STOP COLLAR PRODUCT RANGE

MODEL	DUTY	STYLE	CONSTRUCTION	FITMENT	APPLICATION
HSN	Ultra-light		Steel		Level 1
OSO	Light		Heat Treated		Level 2
00SO	Standard	Slip-on	Single Piece		Level 3
00SH	Heavy	Hinged	Single Piece		Level 4
HDSO	Ultra Heavy		Heat Treated		Level 4
HDSH			Heat Treated		Level 4
UHD			Heat Treated		Level 4
